Project: Node-Code AI: Create a website using Websim

Creating a Testimonial Collection Website

- Create a testimonial collection website where customers can either supply written, audio, or video testimonials.

Share Your Experience

We value your feedback! Please share your testimonial in your preferred format: written, audio, or video.

Written	Audio	Video

Customizing the Website Appearance

- Make this more visually appealing and modern.

Share Your Story

Your experience matters! Choose your preferred way to share your testimonial and help others understand the impact of our services.

Written   Audio   Video

Your Name

Enter your name

Your Testimonial

Share your experience here...

Results:

Share Your Story

We'd love to hear about your experience. Choose your preferred method to share your testimonial and inspire others.

Written | Audio | Video

**Your Name**

Enter your name

Your Testimonial

Share your experience here...

Submit Written Testimonial

Saving and Publishing the Website

https://websim.ai/@oldpine39383534/share-your-story-comforting-testimonial-collection

Adding Functional Pages

Create Audio and Video Testimonial Pages
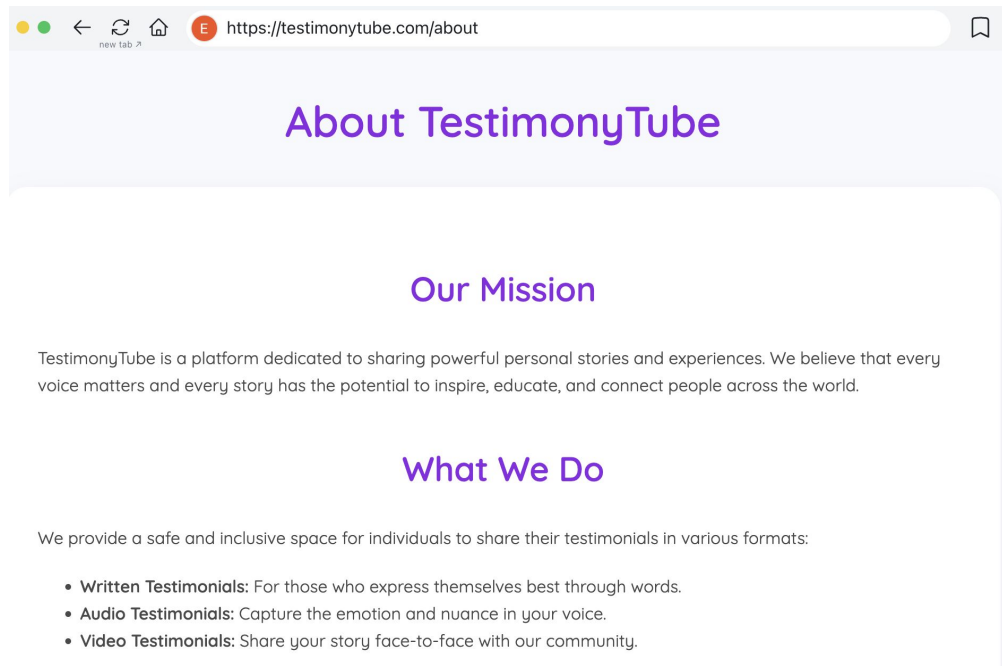

Adding Call to Action Buttons

Keeping the webpage now, add a button that says 'record your testimonial now'

Creating an About Page

https://testimonytube.com/about

About TestimonyTube

Our Mission

TestimonyTube is a platform dedicated to sharing powerful personal stories and experiences. We believe that every voice matters and every story has the potential to inspire, educate, and connect people across the world.
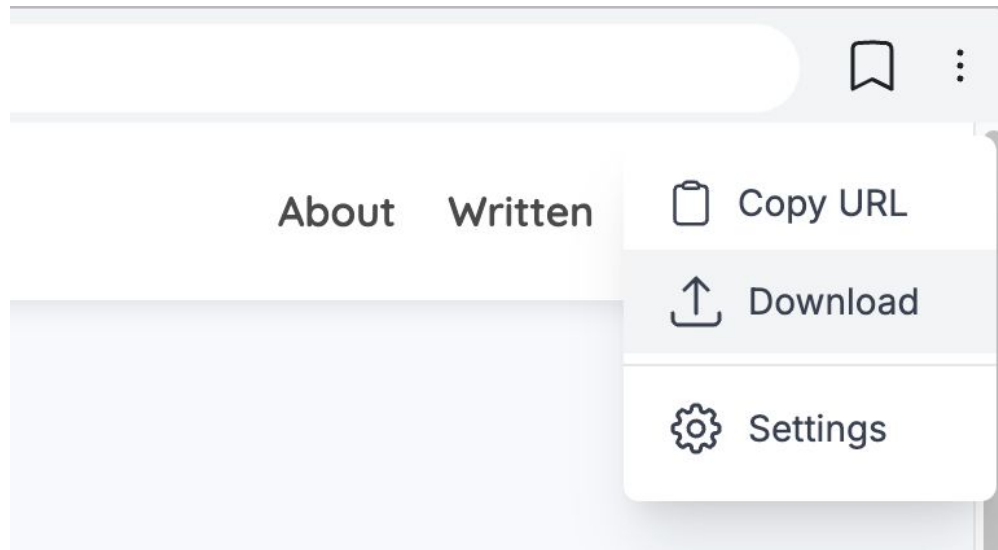

What We Do

We provide a safe and inclusive space for individuals to share their testimonials in various formats:

- **Written Testimonials:** For those who express themselves best through words.
- **Audio Testimonials:** Capture the emotion and nuance in your voice.
- **Video Testimonials:** Share your story face-to-face with our community.

Sharing and Downloading the Website
